Professional Summary

Experienced Front End Developer with a strong background in creating responsive and performant web applications. Proficient in Next.js, React, TypeScript, and modern CSS frameworks. Skilled in optimizing web performance, implementing best practices in HTML structure, and creating efficient JavaScript solutions. Demonstrated ability to lead teams and collaborate effectively in cross-functional environments.

Core Skills

- Next.js
- React
- TypeScript
- JavaScript (ES6+)
- HTML5
- CSS3
- Tailwind CSS
- Responsive Web Design
- Web Performance Optimization
- RESTful APIs
- Git/GitHub
- Agile Methodologies

Professional Experience

Front End Developer and Automation Expert

2018 – Present

- Enhanced responsive web applications using Next.js and React, improving load times by 40%
- Implemented modern UI/UX principles in 10+ client projects, increasing user engagement by 45%
- Optimized frontend performance through code splitting and lazy loading, resulting in a 25% increase in user retention
- Led the implementation of complex frontend solutions, increasing development efficiency by 30%
- Collaborated with cross-functional teams to deliver features 30% faster, achieving a 95% client satisfaction rate
- Mentored a team of 5 junior developers, improving overall team productivity
- Implemented responsive HTML layouts, improving mobile user experience by 50% and reducing bounce rates by 35%
- Applied advanced JavaScript design patterns, reducing code complexity by 40% and improving maintainability
- Integrated and consumed RESTful APIs to create dynamic and data-driven user interfaces
- Utilized version control systems (Git) and followed Agile methodologies for efficient project management

Key Projects

Next.js Form Generator with Server Actions

- Enhanced a full-stack form builder using Next.js, Shadcn UI, and Zod
- Improved server actions and API routes for robust backend functionality
- Created a CLI-based system for enhanced customization and flexibility

Source Code

Custom UI Component Library

- Built a reusable UI component library with npm package support
- Implemented component usage similar to popular UI libraries for ease of integration
- Achieved 93% test coverage, ensuring reliability and stability

Source Code   Live Demo

High-Performance Client Portfolio Website

- Expanded a portfolio website using Next.js, achieving 100 Lighthouse score in performance, SEO, and accessibility
- Implemented smooth animations and responsive design for optimal user experience across devices

Source Code   Live Demo

Online Education Platform

- Built an online tuition platform with Next.js, Tailwind CSS, and Framer Motion
- Integrated Google reCAPTCHA for enhanced security measures
- Improved server actions for student meeting arrangements and messaging system

Source Code   Live Demo

Education

Master of Science in Physics

Comsats University Islamabad, Lahore Campus

2019 - 2023

Certifications

- Certificate in IT Web Software & Mobile App Development - Government of Pakistan NAVTTC
- Next.js 14+ Advanced Development - TraversyMedia & JS Mastery Pro
- JavaScript Data Structures & Algorithms - TraversyMedia
- React Advanced Patterns - WebDevSimplified
